Attention: Manish Birara and Gurusewak Nagra

Dear Manish Birara and Gurusewak Nagra:

**Re: Auto World Sales Inc. operating as Canada 120689
– Provincial Automotive Business Licence No. B2003421**

As the Director of Fair Trading (as delegated) (the “Director”), I am writing to you pursuant to Section 158.1(1) of the *Consumer Protection Act* (“CPA”) to provide you with written notice of the Administrative Penalty issued under.

Facts

The evidence before me in relation to this matter consists of the material contained in an Alberta Motor Vehicle Industry Council (“AMVIC”) industry standards department application report (the “Application Report”) prepared by an industry standards officer (“ISO”) and the manager of industry standards. A copy of the Application Report is attached as Schedule “A” to this letter. The Supplier provided written representations via email dated July 10, 2025 (attached as Schedule “B”), in response to the Proposed Administrative Penalty, which I have also taken into consideration.

Licensee Status

Auto World Sales Inc. o/a Canada 120689 (the “Supplier”) holds an automotive business licence and is licensed to carry on the designated business activities of used sales and wholesale sales in the Province of Alberta.

Direct communications with the Supplier and its representatives

1. On July 4, 2016, a routine AMVIC industry standards inspection was completed at the business location of the Supplier. A Findings Letter outlining the inspection findings was completed and sent to the Supplier on July 7, 2016. The Findings Letter outlined some concerns including but not limited to:

- a) Advertising issues contrary to requirements in Section 11 of the Automotive Business Regulation ("ABR") and Section 6 and 4 of the Cost of Credit Disclosure Regulation ("COC").
 - b) During the inspection, four deals were reviewed by the ISO and compared with an advertisement and of those four deals, one did not reflect all-in pricing contrary to Section 11(2)(l) of the ABR.
 - c) Issues with the completion of and/or disclosure of Mechanical Fitness Assessments ("MFAs") contrary to Section 15 of the Vehicle Inspection Regulation ("VIR").
 - d) Discrepancies were identified in information provided by the consumer in comparison to the information relayed to financial institutions in consumer credit applications regarding monthly rent information, contrary to Section 6 of the CPA.
 2. On Aug. 24, 2017, a followup AMVIC industry standards inspection was completed on the Supplier. A Findings Letter outlining the inspection findings was completed and sent to the Supplier on Aug. 28, 2017. The Findings Letter outlined some concerns including but not limited to:
 - a) Advertising issues contrary to requirements in Sections 11 and 12 of the ABR.
 - b) Various issues with the completion of and/or disclosure of MFAs contrary to Section 15(1) of the VIR.
- The Supplier was not found to have sold vehicles over the advertised price during this inspection.
3. On May 31, 2023, a followup AMVIC industry standards inspection was completed on the Supplier. A Findings Letter outlining the inspection findings was completed and sent to the Supplier on June 12, 2023. The Findings Letter outlined some concerns including but not limited to:
 - a) During the inspection, seven deal that were reviewed by the ISO did not reflect all-in pricing contrary to Section 11(2)(l) of the ABR.
 - b) The bills of sale ("BOS") that were reviewed in the deal jackets had issues contrary to Section 31.2 of the ABR.
 4. On Oct. 25, 2024, a followup AMVIC industry standards inspection was completed on the Supplier. This inspection focused specifically on the Supplier's advertising and compliance with all-in pricing legislation. The inspection conducted on Oct. 25, 2024 was therefore not comprehensive in nature and as such, not all documentation or business practices were reviewed in comparison to the previous comprehensive inspections conducted in 2016, 2017 and 2023. A Findings Letter outlining the inspection findings was completed and sent to the Supplier on Oct. 31, 2024. The Findings Letter outlined some concerns including but not limited to:

- a) During the inspection, 19 deals were reviewed by the ISO and compared with an advertisement and of those 19 deals, 12 did not reflect all-in pricing contrary to Section 11(2)(l) of the ABR.
5. Selling vehicles over the advertised price was found in three of the four of the AMVIC inspections, based on the Findings Letters provided to the Supplier following each AMVIC industry standards inspection.
6. The Proposed Administrative Penalty dated June 10, 2025 was served to the Supplier on June 10, 2025. The Proposed Administrative Penalty provided the Supplier an opportunity to make written representations by July 11, 2025. Analysis – Did the Supplier fail to comply with the provisions of the ABR?

A routine AMVIC industry standards inspection was completed on July 4, 2016. The inspection findings were discussed with the Supplier and a Findings Letter was emailed to the Supplier on July 7, 2016. The Findings Letter addressed a number of legislative breaches including the Supplier selling vehicles above the advertised price in one instance.

A followup AMVIC industry standards inspection was completed on Aug. 24, 2017. The inspection findings were discussed with the Supplier and a Findings Letter was emailed to the Supplier on Aug. 28, 2017. The Findings Letter addressed a number of legislative breaches. On May 31, 2023, a third followup AMVIC industry standards inspection was completed. The inspection findings were discussed with the Supplier and a Findings Letter was emailed to the Supplier on June 12, 2023. The Findings

Letter addressed a number of legislative breaches including the Supplier selling vehicles above the advertised price in seven instances.

On Oct. 25, 2024 a fourth AMVIC industry standards inspection was completed on the Supplier. This inspection focused solely on the Supplier's advertising and compliance with all-in pricing legislation. The inspection conducted on Oct. 25, 2024 was therefore not comprehensive in nature and as such, not all documentation or business practices were reviewed in comparison to the previous comprehensive inspections conducted in 2016, 2017 and 2023. A Findings Letter outlining the inspection findings was completed and sent to the Supplier on Oct. 31, 2024. The ISO identified that the Supplier has continued to sell vehicles over the advertised price contrary to Section 11(2)(l) of the ABR. Based on the facts outlined by in the Application Report and supporting documents (see Schedule "A"), I will be considering the alleged breaches from the 2024 AMVIC industry standards inspection.

A. Selling Above Advertised Price (11(2)(l) ABR)

During the Oct. 25, 2024 inspection, the ISO found 12 vehicles were sold above the advertised price. Prices advertised must include all fees the seller intends to charge. The only fee that can be added to the advertised price is the goods and services tax ("GST"), and costs associated with financing as per Section 11(2)(l) of the ABR. Pre-installed products such as batteries and anti-theft must be included in the advertised price. Destination fees, documentation fees, the AMVIC levy and tire recycling levy must be included in the advertised price. In these 12 consumer transactions the Supplier derived an economic benefit of **\$3,069.90** at the cost of the consumers (see Schedule "A"; Exhibit 5).

- Stock No. 7083 was sold over the advertised price by \$210;
- Stock No. 7114 was sold over the advertised price by \$210;
- Stock No. 7018 was sold over the advertised price by \$210;
- Stock No. 6996 was sold over the advertised price by \$210;
- Stock No. 6993 was sold over the advertised price by \$210;
- Stock No. 7045 was sold over the advertised price by \$210;
- Stock No. 6963 was sold over the advertised price by \$210;
- Stock No. 7028 was sold over the advertised price by \$110;
- Stock No. 7051 was sold over the advertised price by \$159.90;
- Stock No. 7111 was sold over the advertised price by \$1,110;
- Stock No. 7074 was sold over the advertised price by \$110; and
- Stock No. 7117 was sold over the advertised price by \$110.

The Application Report on page two, states 19 retail vehicle sale files were reviewed, all vehicle sale files had an advertisement to compare against the sold vehicle file and 12 vehicles were sold over the advertised price contrary to Section 11(2)(l) of the ABR.

In their written representations (see Schedule "B") the Supplier stated that the majority of the transactions were over the advertised price due to an optional client service for vehicle registration and fuel. The evidence currently before the Director does not support this statement as the Supplier failed to itemize this on the BOS as required by Section 31.2(1)(l) of the ABR and the Supplier did not provide

any evidence to support this statement. The Director must rely on the documentation currently available and the Supplier's BOS' do not indicate the amount the consumers were charged over the advertised price is for fuel and to have the vehicles registered.

In their July 10, 2025 written representations in response to the Proposed Administrative Penalty (see Schedule "B"), the Supplier stated:

"LEVY Impact

*We would also like to note that the recent increase in the AMVIC levy from **\$6.25 to \$10** per transaction represents a 60% rise in our regulatory expense – an added cost we are now required to absorb within our all-in pricing. This change further adds to the challenges small business like ours face in a highly competitive market."*

The documentation currently before the Director in the Application Report and supporting documentation (see Schedule "A") demonstrates that the Supplier is passing the cost of the AMVIC levy to the consumer, which they are allowed to do.

The AMVIC levy being paid for by the consumer does not increase costs the Supplier is required to absorb. The Supplier charges the consumer the cost of the AMVIC levy and then remits that levy to AMVIC in accordance with the legislative requirement. If the cost of the AMVIC levy is passed to the consumer it must also be itemized on the BOS. The AMVIC levy must also be included in the advertised price for all vehicles advertised by automotive businesses in the Province of Alberta, it affects all automotive sales businesses in the same capacity. As per AMVIC's website:

"If a business chooses to pass the \$10 levy on to a customer, the business must clearly identify the purchase levy as a separate line item on all sales agreements (ABR, Section 31.2(1)(j)(v)). If a business chooses to pass on the levy to consumers, the levy must be included in the all-in advertised price of a vehicle."

The Supplier was provided the education and the relevant legislation in the Findings Letters following each inspection and has had the opportunity to rectify their business practices, however continue to engage in selling vehicles over the advertised price.

The Director finds that on a balance of probabilities, the Supplier has breached Section 11(2)(l) of the ABR.

B. Other Considerations

In addition to the individual education AMVIC provided the Supplier in the form of the Findings Letters provided after each AMVIC industry standards inspection, AMVIC has issued industry bulletins and newsletters over the past two years explaining advertising regulations to educate the automotive industry as a whole. As a licensed member of the automotive industry, the Supplier would have received the AMVIC industry bulletins and newsletters, and in the opinion of the Director, is expected to

have reviewed these education bulletins and newsletters to ensure their business practices are in compliance.

There exists an onus on the Supplier to do their due diligence and ensure they are complying with the legislation that governs the regulated industry they have chosen to be a member of. The Supreme Court of British Columbia in *Windmill Auto Sales & Detailing Ltd. v. Registrar of Motor Dealers, 2014 BCSC 903* addressed the issue of the onus and responsibility the Supplier has when operating within a regulated industry. The court at paragraph 59 stated:

"In my view, it is incumbent upon a party that operates within a regulated industry to develop at least a basic understanding of the regulatory regime, including its obligations under the regime, as well as the obligations, and the authority, of the regulator."

The Supplier's business practices discussed above leverages the Supplier's knowledge and position, and does not foster a level playing field between the consumer and the Supplier, leading to financial harm to consumers. It further concerns the Director that the Supplier has continued to breach rather straightforward legislation, to the financial detriment of consumers, despite the education provided by AMVIC.

In their written representations dated July 10, 2025 (see Schedule "B") the Supplier indicated they *"have made meaningful changes to ensure full compliance"* with the legislation. The Supplier also provided details of the changes they have made to bring their business practices into compliance.

The aggravating factors in this matter include the resulting financial impact adversely affecting the consumer due to paying over the advertised price, in 12 transactions the Supplier derived an economic benefit of **\$3,069.90** and continued non-compliance with the rather straightforward requirements of the legislation despite education provided to the Supplier. The mitigating factors in this matter include the changes the Supplier has made to bring their business practices into compliance as explained in their written representations.

This Administrative Penalty is taking into account the number and seriousness of the contraventions of the legislation found during the third inspection; and the aggravating and mitigating factors listed above.

The amount of the Administrative Penalty cannot be viewed as a cost of doing business but rather as a deterrent for continuing to engage in non-compliant business practices.

Action

In accordance with Section 158.1(a) of the CPA and based on the above facts, I am requiring that Auto World Sales Inc. o/a Canada 120689 pay an Administrative Penalty. This is based on my opinion that Auto World Sales Inc. o/a Canada 120689 has contravened Section 11(2)(l) of the ABR.

Taking into consideration all the evidence currently before the Director, the amount of the Administrative Penalty is **\$5,700**.

The amount takes into consideration the factors outlined in Section 2 of the Administrative Penalties (*Consumer Protection Act*) Regulation, AR 135/2013 and the principles referenced in *R v Cotton Felts Ltd., (1982), 2 C.C.C (3d) 287 (Ont. C.A.)* as being applicable to fines levied under regulatory legislation related to public welfare including consumer protection legislation. In particular the Director took into account:

1. The harm on the persons adversely affected by the contraventions or failure to comply;
2. The economic benefit derived from the contraventions or failure to comply;
3. Administrative Penalties issued in similar circumstances;
4. The maximum penalty under Section 158.1(3) of the CPA of \$100,000; and
5. The deterrent effect of the penalty.

The amount of the Administrative Penalty is \$5,700.

Pursuant to Section 3 of the Administrative Penalties (*Consumer Protection Act*) Regulation, you are required to submit payment within **thirty (30) days** of the date of service of this notice. Failure to pay the Administrative Penalty will result in a review of the licence status. Payment may be made payable to the **“Government of Alberta” and sent to AMVIC** at:

Suite 303, 9945 – 50th Street
Edmonton, AB T6A 0L4.

If payment has not been received in this time period, the Notice may be filed in the Court of King's Bench and enforced as a judgement of that Court pursuant to Section 158.4 of the CPA and further disciplinary action will be considered.

Section 179 of the CPA allows a person who has been served a notice of Administrative Penalty to appeal the penalty. To appeal the penalty, the person must serve the Minister of Service Alberta and Red Tape Reduction

Minister of Service Alberta and Red Tape Reduction
103 Legislature Building
10800 - 97 Avenue NW
Edmonton, AB
Canada T5K 2B6

with a notice of appeal within **thirty (30) days** after receiving the notice of Administrative Penalty. The appeal notice must contain your name, your address for service, details of the decision being appealed and your reasons for appealing.

Pursuant to Section 180(4) of the CPA, service of a notice of appeal operates to stay the Administrative Penalty until the appeal board renders its decision on the appeal or the appeal is withdrawn.

Under Section 4 of the Administrative Penalties (*Consumer Protection Act*) Regulation, the fee for appealing an Administrative Penalty is the lesser of \$1,000 or half the amount of the penalty. As such, the fee for an appeal of this Administrative Penalty, should you choose to file one, would be \$1,000. Should you choose to appeal this Administrative Penalty, you must send the appeal fee to the Minister of Service Alberta and Red Tape Reduction at the above noted address, made payable to the "Government of Alberta".
